DTANM-WHT-IT-ES-FR

Overview

V7 Pico Android is a high performance and innovative DVB-T receiver that turns your Android tablet or smartphone into a mobile television without an internet or 3G connection. Simply connect V7 Pico Android to the microUSB connector of your Android device and enjoy watching Live TV ? an additional current source is not needed. Your smartphone or tablet must support the USB host mode to work with V7 Pico Android. To test that, please install the free of charge App „USB HOST DIAGNOSTICS" from Google Play.

Specification

V7 Model #	DTANM-WHT-IT-ES-FR
IM SKU #	J152511
EAN	0662919079548
Color	White
Compatibility	Any Android Phone & Tablet with Android 4.0 or later + MicroUSB + USB Host mode enabled
Compliance	CE, ROHS, WEEE
Connectors	micro USB
